### **Proposals to Setup CT-Scan & MRI-Scan Unit at Hospital Premises**

Kurji Holy Family Hospital, Patna - a well-known 300 bedded charitable Christian Mission Hospital, serving people of Bihar since 1939 is planning to expand its services to provide CT & MRI Scan facilities on Partnership mode at its premises. The building with full facility for CT & MRI is nearing completion.

The partner organisation is expected to procure, install & setup the CT & MRI Scanners, appoint required personnel and operate it at the hospital premises.

The hospital will provide required electric connection, make the building available and will use the facility for all its OPD/IPD patients. The partner would be free to have referrals from other healthcare facilities.

Interested parties can contact the Administration office of the hospital at [kfhosp@gmail.com](mailto:kfhosp@gmail.com) with the Partner profile and Commercial Proposal as soon as possible.
